Dear Mr. Hannon and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 3 to the rural non-Metropolitan Planning Organization (MPO) area portion of the California 2015 Federal Statewide Transportation Improvement Program (FSTIP). This modification adds programming capacity in the amount of \$9.255 million that relies on the State's federal programming capacity. The financial plan will be updated to reflect this change in the next formal amendment.

FSTIP Modification #3 amends the following existing projects in the 2015 FSTIP:

State and Local Elements

Various Counties:

Proj #1: CTIPS ID 230-0000-0029, Grouped Project Listing for Emergency Repair - State Highway Operation and Protection Program (SHOPP) Emergency Response – increases the funding by \$7.935 million in Federal Fiscal Year (FFY) 14/15 and updates the detailed backup listing.

Proj #2: CTIPS ID 230-0000-0065, Grouped Project Listing for SHOPP Bridge Rehab and Reconstruction – increases the funding by \$650,000 in FFY 14/15, revises delivery schedule from FFY 15/16 or 16/17 and updates the detailed backup listing.

Proj #3: CTIPS ID 230-0000-0294, Grouped Project Listing Bike/Pedestrian Facilities - Attainment Areas – increases the funding by \$670,000 in FFY 14/15 and updates the detailed backup listing.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included

in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2015 FSTIP.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.

Sincerely,

Muhaned Aljabiry, Chief
Office of Federal Transportation Management Program
